We did not have time to mail the March meeting notice due to a speaker cancellation. We did get the notice out by e-mail though. If you did not receive the notice or would like to receive the notice send your e-mail address to Mark Pross, [HVAcrefrig@aol.com](mailto:HVAcrefrig@aol.com), you also might check your spam filters. We are not planning to replace the mailed notice, but we do get comments that members do not receive the notice. The notice could be forwarded to your friends that are service techs.

Our thanks to Bill Wiedman with Central States Marketing for his presentation on Field Piece testing instruments. There are a lot of new attachments for their line of meters to help the service mechanic diagnose system problems. Check them out at your local supplier.
