

(It's HVAC-R. We're not just Refrigeration)

Published monthly for the members of the Gateway Chapter

September 2009

## Meeting September 24, 2009 6:00PM

**Location: Spazio Westport**  
12031 Lackland Rd.  
St. Louis, MO 63146

See map for directions

**Topic:** The presentation will cover **Fluke Instruments** with trouble-shooting techniques.

**Speaker:** Nick, with Halfpenny Sales will be presenting Fluke Instruments at this months' meeting. Also, we will be covering the tech side of the thermal imaging and maybe additional test instrument tech tips for the service trade for the meeting. With our equipment becoming complex with electronic controls and components, we need to use better instruments to test with.

**We are in need of new blood to run our Chapter. Please call one of the board members with your ideas and/or to volunteer your time.**

Our thanks to Ryan Kliethermes, for his presentation on **Electronically Controlled, Electrically Actuated Valves** with an emphasis on refrigeration applications and trouble-shooting techniques. He has experience in field sales, applications and product management with the Sporlan, Division of Parker-Hannifin Corp.

Next month we will be introducing a new addition to our meeting. We are not sure how to title it, but you could win up to \$50.00 if you can answer all of our basic knowledge questions. You do not want to miss this.
