

(It's HVAC-R. We're not just Refrigeration)

Published monthly for the members of the Gateway Chapter

December 2009

December 17, 2009 6:00PM
Early meeting because of the
Christmas Holiday

Different Location this month:

Nu-Calgon's Office
2008 Altom Ct.
St. Louis, MO 63146
<http://www.nucalgon.com>

Topic: The presentation will cover refrigerant oils with the new and existing refrigerants. This is a PEU meeting offered by Nu-Calgon.

Speaker: Tony Lawson and John Lawler. John has done several meetings for us in the past. This presentation on refrigerant oils is very important because of the upcoming phase out of R-22; we all need to be on top of the requirements for lubrications with the replacement refrigerants.

We are going to continue this new segment "TOOLBOX SAFETY" at our meeting, this month we will talk about "Types of Accidents". How about that \$20.00, just for participating!

Our thanks to Tim Blackmore with Heatcraft his presentation on the Micro Channel Condenser, Smart defrost and ECM Motors was informative and as well as educational. It's hard to believe that here in the Mid-west, we could be required to upgrade cooler coil with ECM motors.

Next month's meeting will be the January 17.

OFFICERS, BOARD MEMBERS and CHAPTER CONTACTS:

Mark D. Pross, CMS
Chapter President

636-271-5150

HvacRefrig@aol.com

Jim Wunderlich, CM

Chapter Treasurer

636-262-8129

bthom@crescentparts.com

Paul Marechek

Board Member

314-869-8156

Pmstlsmw36jatp@hotmail.com

We are offering "Reduced Memberships" to first time Student Members. We will pay half of your first years' dues. That's \$25.75 (\$51.50 is the annual rate). This is an opportunity for them to receive support of the industry and receive new and current information. Contact your instructor or a chapter officer.

NEXT BOARD MEETING: January 6, 2010 – 6pm Crescent Parts and Equipment West County
Call a board member for location and directions.

Attention ALL Members: We are going to have CM, CMS and SM testing early next year. Here is the good part, our chapter is sponsoring any of our chapter members to take these tests at NO CHARGE to you! What a deal! Here is your opportunity to take these tests and upgrade your status in the society. Please contact an officer or board member to make arrangements and get more details.

What's a SM designation? At last year's conference, the by-laws were amended to allow Members to bypass the CM Test, and take the Specialist exams: Air Conditioning, Refrigeration, Heating, Heat-Pump, Electricity, Controls, Domestic Refrigeration and Dynamic Compression. This might be the help you need to get back to improving yourselves.

If interested in having a review before the test, we could do this.

Our Chapter is committing ourselves to regaining the status of being in the top ten Chapters in Society. This is going to require your help. We need new members and more participation from you.

THIS MEETING NOTICE IS BROUGHT TO YOU IN PART THRU
CONTRIBUTIONS OF THE FOLLOWING WHOLESALERS

Refrigeration Service Engineers Society
 51 E. Meadow Lane
 Ellisville, MO 63021
