We are offering "Reduced Memberships" to first time Student Members. We will pay half of your first years' dues. That's \$25.75 (\$51.50 is the annual rate). This is an opportunity for them to receive support of the industry and receive new and current information. Contact your instructor or a chapter officer.

**NEXT BOARD MEETING:** March 3rd, 2010 – 6pm Crescent Parts and Equipment West County  
Call a board member for location and directions.

Attention ALL Members: We are going to have CM, CMS and SM testing early next year. Here is the good part, our chapter is sponsoring any of our chapter members to take these tests at NO CHARGE to you! What a deal! Here is your opportunity to take these tests and upgrade your status in the society. Please contact an officer or board member to make arrangements and get more details.

What's a SM designation? At last year's conference, the by-laws were amended to allow Members to bypass the CM Test, and take the Specialist exams: Air Conditioning, Refrigeration, Heating, Heat-Pump, Electricity, Controls, Domestic Refrigeration and Dynamic Compression. This might be the help you need to get back to improving yourselves.

If interested in having a review before the test, we could do this.

Our Chapter is committing ourselves to regaining the status of being in the top ten Chapters in Society. This is going to require your help. We need new members and more participation from you.
