

Notice of Meeting

Location: Crescent Parts Warehouse

(see map below)

(3rd Thursday!) May 19, 2011 – 6:00 PM

http://stlrres.50webs.com/meeting_notice.htm

Speaker: Mark Walzych, of Emerson/Copeland

Mark currently is the Director of Sales for Emerson Climate Technologies. Mark has over 25yrs of experience in the HVAC industry and has held positions in Sales, marketing for Emerson. Mark was Refrigeration Marketing Manager at Copeland in Sidney Ohio and Director of Marketing at Emerson Flow controls. Over the last 25 years Mark has worked with Wholesalers and Contractors in the Midwest and Southeast on Copeland, Flow Controls, Browning and Emerson Motors. Mark has trained over 1000 contractors in the area over the last 5 years on the service and trouble shooting of Emerson products.

Topic: Mark will be offering info on 'Performance Alerts'. This is a relatively new product that can be used as a tool by service techs. This is a module that monitors compressor/system operation and indicates trips by a light blinking. The number of blinks refers the tech to an error code schedule that can monitor: discharge temp, system trip, locked rotor, missing phase, reverse phase, short cycling, open circuit, welding contactor, low voltage and DLT sensor failure. Some of these failures can be set up as a lockout. This is a great diagnostic tool to techs but you have to understand how it works. We are seeing this used on HVAC units as well as refrigeration units. This device can be added in a retro fit manner.

Mark will also be discussing digital scrolls and digital discuss compressors. This technology gives us the ability to more closely match compressor capacity to system load. It is a far superior technique compared to unloaders. This also can be done as a retro fit.

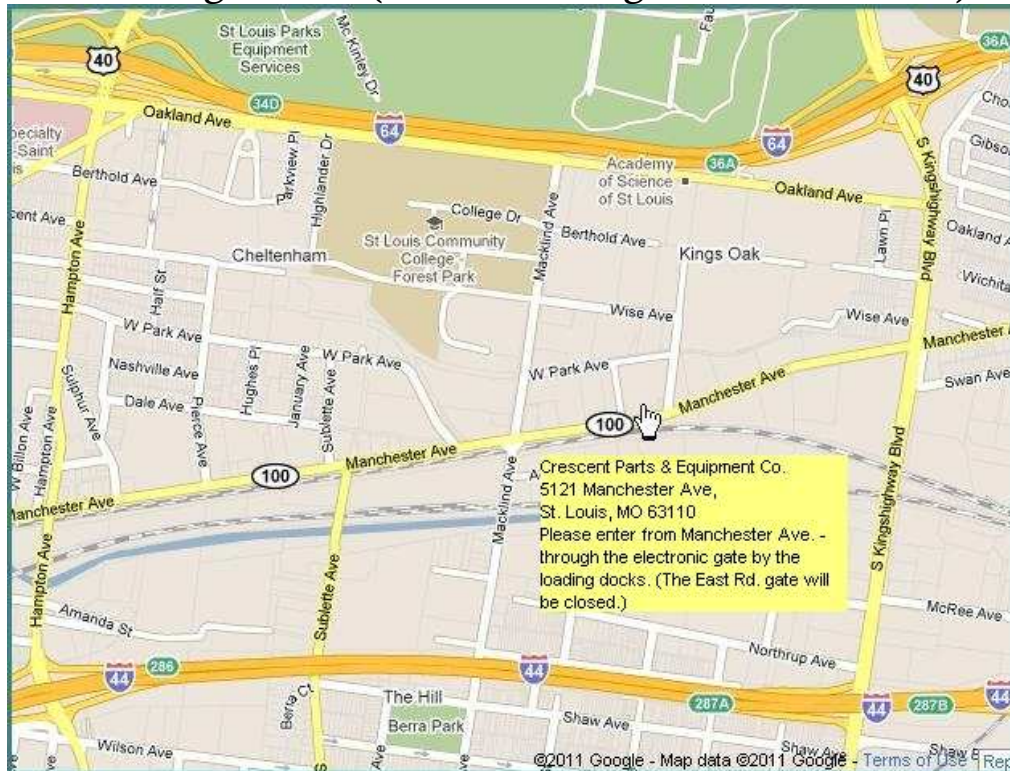

We always have a good turnout for Copeland meetings. Come and learn the RSES way where you get first hand knowledge from the manufacturers and can discuss any problems you may have with their equipment.

This Month's Meeting Location:

Crescent Parts & Equipment Co.

5121 Manchester Ave, St. Louis, MO 63110

Please enter from Manchester Ave. through the electronic gate by the loading docks. (The East Rd. gate will be closed.)

Our thanks to Bill Hosner for his presentation on brazing tools at last month's meeting.

Congratulations to our own **Paul Friemel** on receiving the **Walter B. Stopera, CM, Speaker of the Year Award** which is given to an individual who has been recognized by RSES membership as having provided outstanding educational presentations! Paul Friemel, P.E., of Cooper Bussmann Inc., was announced as the winner of the award at last fall's RSES International Conference. The award is sponsored by the Garden State Chapter, Newark, N.J. Paul was presented the award at last month's meeting. *Way to go Paul!*

This will be our last educational meeting until September. Please consider attending a Board Meeting and help plan our future meetings on Jun 1st, Jul 6th, Aug 3rd and Sept 7th.

Mark your calendars for these upcoming educational opportunities:

September 22nd – St Louis RSES Chapter Meeting – Mark Busse, Hester-Bradley. The Topic will be Honeywell Flame Safeguard....old and new controls, conversion and trouble shooting.

March 16th & 17th, 2011 – The St Louis Chapter is the host of the Mid West Assn Conference next year –

WE NEED HELP NOW!

We are always interested in your ideas for speakers and topics. Contact a board member and let them know what you're interests are.

We are offering “Reduced Memberships” to first time Student Members. Come join us for our technical sessions and also learn about the benefits of belonging to RSES.

The Chapter is in DESPERATE NEED OF NEW FACES & IDEAS!!!!

Please call a board member with your ideas and/or to volunteer to help.

Next Board Meeting scheduled for Wednesday, June 1st at 6pm. Location: TBD

Contact a board member for directions.

ST. LOUIS CHAPTER'S OFFICERS, BOARD MEMBERS and CHAPTER CONTACTS:

Chapter President

**Jim Wunderlich, CM
Chapter Treasurer**
