Our thanks to Mark J. Walczyk - Director of Sales for Emerson Climate Technologies for presenting January's well attended meeting on Copeland's Digital Scroll Compressor Retrofit Kit.

The chapter remains viable because of the efforts of those that volunteer their time and efforts. We exist solely to meet the educational needs of the service engineer. There is a small paid staff at the International Headquarters in Chicago. If you'd like to see the chapter continue as is has since 1934, offering educational opportunities for the members, please let someone on the board know you'd like to help. It certainly won't hurt your career either.

Mark your calendars for these upcoming educational opportunities:

March 28th – Chapter Meeting – Speaker: Ray Jetton of Prism Sales - Topic: Mitsubishi HVAC Systems – “mini-splits” and “multi-splits” – inverter technology – troubleshooting and service.

April 25th – Chapter Meeting -

We are offering “Reduced Memberships” to first time Student Members.
Come join us for our technical sessions and also learn about the benefits of belonging to RSES.
Students who join our chapter and attend at least 4 meetings during the year they join will have their dues reimbursed by the chapter. Contact a board member at the next meeting for details of this limited time offering. It's like getting two years for the price of one!

WE NEED NEW FACES & IDEAS RUNNING YOUR CHAPTER! Please call one of the board members with your ideas and/or to volunteer to help. THE CHAPTER NEEDS NEW BOARD MEMBERS IF IT IS TO CONTINUE TO HOLD EDUCATIONAL MEETINGS!

RSES is a SERVICEMAN'S educational organization – we need one to volunteer to help run it!

Next Board Meeting scheduled for Wednesday, March 6th, Location: TBD

PLEASE! Contact a board member for directions.
