

# St. Louis Gateway Chapter

## Meeting Notice

**Thursday, February 26, 2015 – 6:00 PM**

**Speaker: Steve Gorla, Controls Specialist, Crescent Parts.**

**Topic: Johnson Controls C450 Stand Alone Electronic Controller.**

Steve will go over the operation, setup, capability, functionality and installation of these controls. It will be a hands on class. There will be some modules there furnished by Johnson Controls that we will be able to use during this class.

Food and soft drinks will be available.

gate by the loading docks.)**

**314-647-5511 (If you  
received this notice via  
email, you can click on the  
map for directions.)**

Our thanks go to Dustin Searcy from Sporlan for presenting the seminar on the use of CO2 as a refrigerant at our December meeting.

There was no meeting in January because we weren't able to schedule a speaker. At meeting after meeting, we ask for suggestions for speakers but get very little if any response. Your suggestions and offers to help will go a long way in seeing to it we continue to have speakers that are important to you.

Call a board member with any suggestions you have. If you have an educational opportunity that would benefit our members let us know and we'll try to spread the word.
