Last month's speaker was Ron Blechle from Sporlan Valve. Ron presented a PEU approved seminar covering TEVs operation and troubleshooting. If you didn't attend, it's your loss. Thank Ron!

There are still positions open on the chapter's board of directors that need to be filled. Hang around after the meeting to see what you can do to help. Keep the chapter going and add line to your resume!

A big thank you to Chris Cordia for stepping in to the Chapter Secretary's position relieving Bob Smith of those duties. Bob had been filling in while the position was vacant for several years. Bob's still our Vice President and over the last 40 years has served in many other ways - Chapter President, Midwest President and International President. Thank you Bob!

Thanks are also due to Ron Blechle who volunteered to serve as chapter board member at February's meeting. New faces are still very much needed if the chapter is continue.

Call a board member with any suggestions for future meetings you have. If you have or know of an educational opportunity that would benefit our members let us know and we'll try to spread the word.

We offer "Reduced cost Memberships" to first time Student Members.

Come join us for our technical sessions and also learn about the benefits of belonging to RSES.

Students who join our chapter and attend at least 4 meetings during the year they join will have their dues reimbursed by the chapter. Contact a board member at the next meeting for details of this limited time offering. It's like getting two years for the price of one!

**RSES is a SERVICEMAN'S educational organization – we need YOU to volunteer to help run it!
The Next Board Meeting will be held after the meeting on the 25th.
Stay around and get involved before it's too late.**
