Last month's speaker was Greg Brunts, Sr. Technical Service Advisor at NORTEK Global HVAC. Greg presented a two hour PEU seminar introducing us to the latest in "Micro-channel" technology for evaporator and condenser coils. Our sincere appreciation to Greg for a very informative session.

The board has decided to host the Annual Mid West Association Conference next March. We'll need the assistance of many our members and local business to make it a success. If you would like to help in any way, make yourself know to a board member. We need to pick a site for the conference, ladies to put together a women's program, and vendors for booths.

There are still positions open on the chapter's board of directors that need to be filled. Hang around after the meeting to see what you can do to help. Keep the chapter going and add line to your resume!

Call a board member with any suggestions for future meetings you have. If you have or know of an educational opportunity that would benefit our members let us know and we'll try to spread the word.

We offer "Reduced cost Memberships" to first time Student Members.

Come join us for our technical sessions and also learn about the benefits of belonging to RSES.

Students who join our chapter and attend at least 4 meetings during the year they join will have their dues reimbursed by the chapter. Contact a board member at the next meeting for details of this limited time offering. It's like getting two years for the price of one!

**RSES is a SERVICEMAN'S educational organization – we need YOU to volunteer to help run it!**  
**The Next Board Meeting will be held after the meeting on the 23rd.**  
**Stay around and get involved before it's too late.**
